

Tim Blett Senior Partner–President, Doner Newport Beach

On Jan. 1, 2010, Tim Blett joined the Executive Committee of Doner, continuing as Senior Partner-President, Doner Newport Beach.

Tim joined Doner in 1986 in new business development from Beurmann-Marshall, a marketing services agency where he was an account director. He helped Doner establish its Newport Beach office in 1998.

For more than two decades, Tim's dynamic management style, boundless enthusiasm and market savvy have inspired some of the Doner Team's most impactful work – all designed to grow our clients business. The office boasts a broad range of client experience, including Mazda, Jacuzzi, The UPS Store, Del Taco, United Healthcare, Roy's Hawaiian Fusion and Black & Decker.

Tim's advertising experience and marketing expertise encompass everything from new product introductions and brand repositioning projects to working with regional franchise groups—not to mention numerous digital and e-response programs.

Outside of work, Tim is actively involved with several charities—including the Orange County Chapter of the Juvenile Diabetes Research Foundation (JDRF), and as a member of the Board of Directors for The Orange County Marathon (supporting children's charities).

Tim holds an MBA from the University of Detroit. As an undergraduate, Tim was a student-athlete at Western Michigan University where, in between surviving two-a-day baseball drills, he earned a bachelor's degree in business administration.
